

Listing/Selling Products on winnebagotowables.org

This site is not designed to be a major vehicle for members to sell their RV related items. Better bets would be Facebook MarketPlace, craigslist, or other well-known sales-oriented sites. We do want to offer limited services to those who make their own items or no longer need RV related items that they wish to sell.

There is no fee to list your item(s) for sale. If you wish to actually sell on this site there is a 15% fee. That fee covers credit card fees, freight and overhead costs. If freight costs more than 10% of the purchase price you will be notified and can decline the sale or pay the additional freight charges. Items must cost over \$10 and less than \$1000.

The form below asks for the information most likely needed to help you sell your product(s).

The entry fields are:

Do you want to list/sell item on this site?

Your "ship from location" if listing on this site as an item for sale

Item Name:

New or Used:

General Condition:

Item Selling Price:

Description:

Location on Facebook MarketPlace: (Example)
